

CastConnectPro

In order to achieve the best possible result of your eCasting, we have put together a technical guide for you.

RECORDING GUIDE:

1. Sound must be clear. Please be sure that the mic is directed toward the actor and the reader **STANDS BACK** so as not to overpower the actor's voice. The actor's voice should be clearly heard and the reader's should be quieter.
2. Lighting should be good enough so we can see the color of the actor's eyes. Use soft lighting if possible – avoid stark white light.
3. Please tape auditions in front of a light-colored, solid wall or backdrop. Try not to have anything behind the actor that will distract the viewer's eye, like furniture, pictures, windows, etc. Again, a clean, solid wall or backdrop is best.

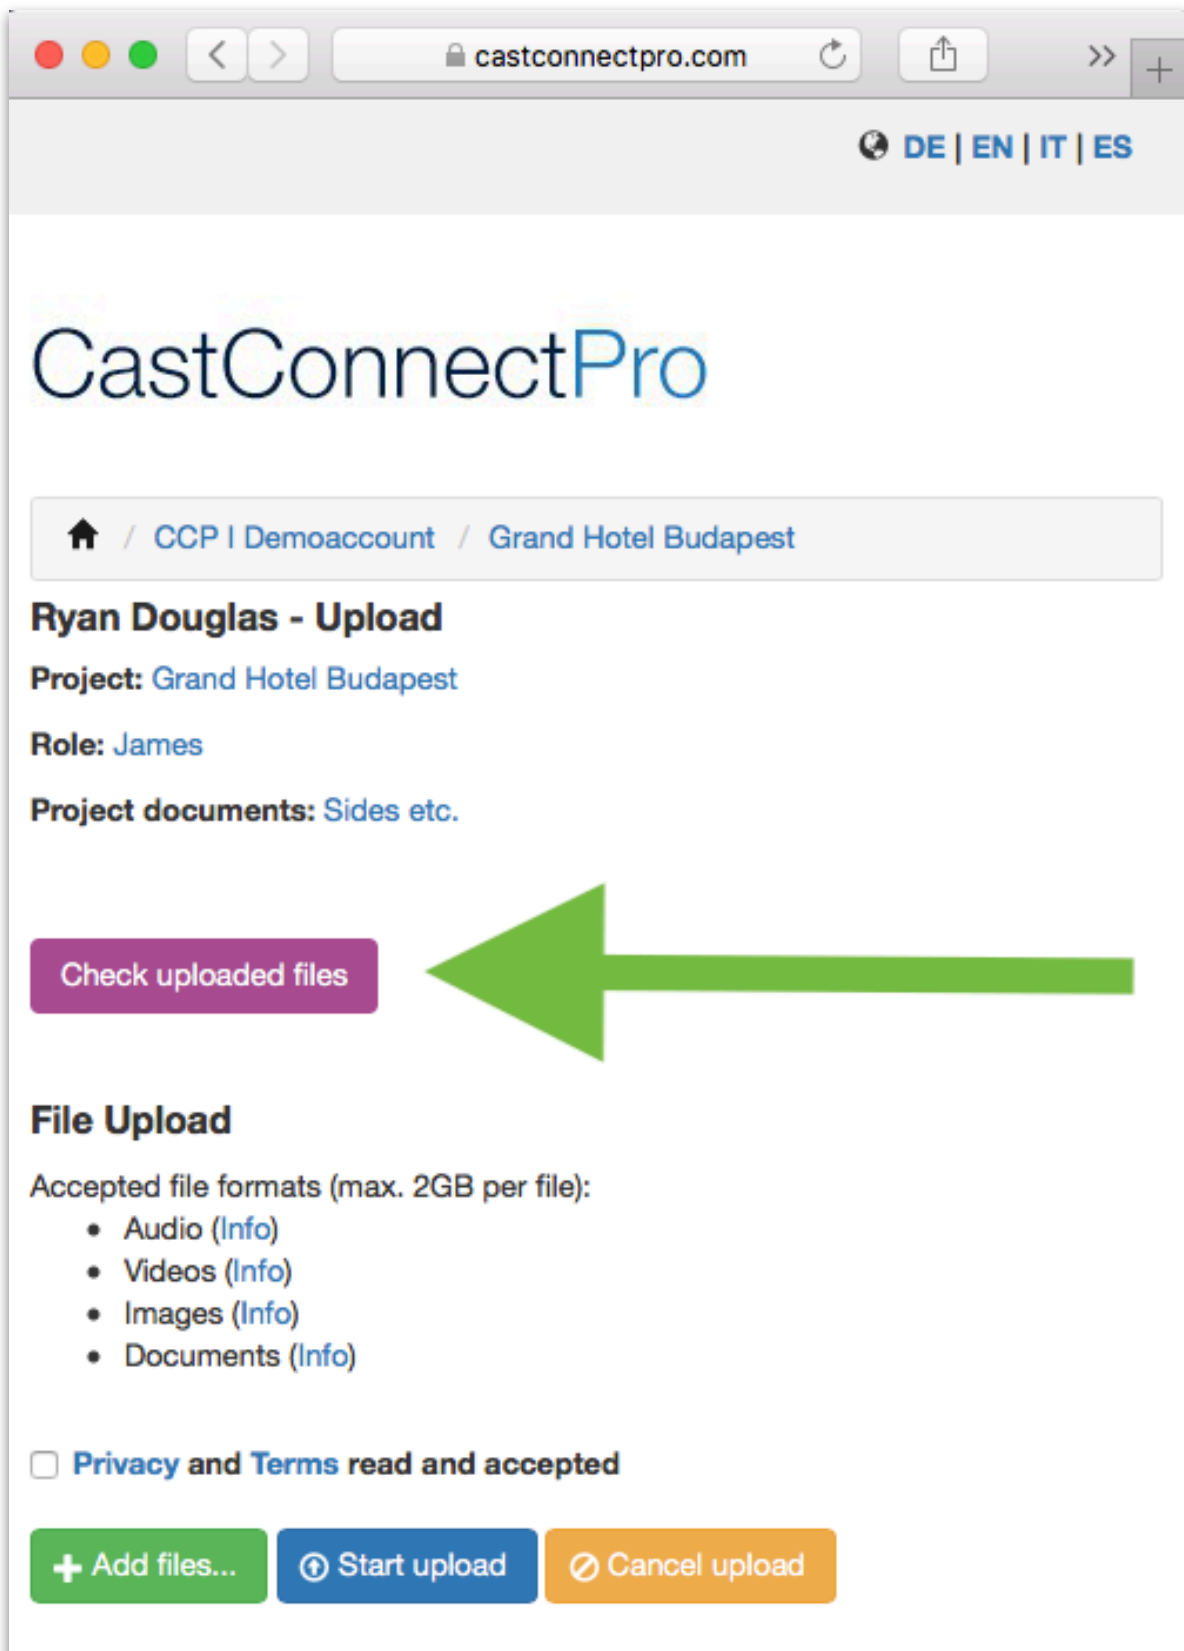

GUIDE TO UPLOAD:

1. Click on your personal upload link that you received by email.
2. Add files or drag and drop them into the browser and then click the "Start upload" button.
3. It is sufficient to upload the files. You don't need to additionally submit the files. Simply uploading the files is enough. You can also upload additional files later using your link.

REVIEW VIEW / CHECK UPLOADED FILES

Click on your personal upload link that you received by email. On the upload page click on the button “Check uploaded files”. There you will see all files that you have successfully uploaded.

The screenshot shows a web browser window with the URL castconnectpro.com. The page header includes language options: DE | EN | IT | ES. The main heading is "CastConnectPro". The breadcrumb navigation shows: Home / CCP | Demoaccount / Grand Hotel Budapest. The user profile is "Ryan Douglas - Upload". The project is "Grand Hotel Budapest" and the role is "James". The project documents are "Sides etc.". A purple button labeled "Check uploaded files" is highlighted with a large green arrow pointing to it from the right. Below this is the "File Upload" section, which lists accepted file formats (max. 2GB per file): Audio (Info), Videos (Info), Images (Info), and Documents (Info). There is a checkbox for "Privacy and Terms read and accepted" which is currently unchecked. At the bottom, there are three buttons: "+ Add files..." (green), "Start upload" (blue), and "Cancel upload" (orange).
